**School Report** - There were 82 kids enrolled at the beginning of September and as of September 29 the numbers are 79 students. Jackie Wandler will be joining the SCC as the Teacher Representative for the school year. September 29 was the last day of the After School Program. With only 2 kids enrolled it was decided not to offer the program for the rest of this year. A question was asked regarding allergy awareness and it was agreed that awareness of a child with food allergies has to be communicated to kids and parents of the school so that lunches could avoid the allergen in them. K/1 lunches need more student volunteers as it's not fair to have the same students taking all the shifts. Strategic Plans were presented. A few school routines were changed and explained. A grant application has been sent in for some school improvements. The Back to School BBQ was discussed and SCC would like to be asked in the future if supplies are needed for the BBQ. School gym rental rates were discussed. Fundraisers for the school were discussed and data from previous fundraisers are to be shared with the SCC.
